#### **NEW RAILROAD INTO GOLDFIELD DISTRICT**

Salt Lake Route to Build to Nevada's Great Gold Fields.

Engineers have gone over the route to be used by the Salt Lake Route in its branch road to Goldfield. It will be re-membered by readers of The Tribune that the company filed articles of incorporation during the latter part of September. The capital stock is placed at \$4,000,000 divided into shares of \$100 each. The greater part of these are held by Senator Clark and his associates in California, and some by C.O. Whittemore and Penael Cherrington of this city. Over 100 miles of track will be laid exclusive of branches and sours.

Through Great Country.

Starting from Las Vegas, on the main line of the Salt Lake Route, the road is to be run in a northwesterly direction to Goldfield, passing through the Bullfrog Rhyolite indian Camp and other intermediate districts. The advent of this road will be halled with delight by residents and promoters in these districts, as it will give them additional means of shipping their ores. The camps are already benefited by the proposed railroad.

BOB CAT IN BOX.

Two Local Railroad Men Kill Animal in Canyon.

in Canyon.

The cat this but have it made into a reg. This puzzling note was tacked on a lox that was delivered to I. A. Benton in the Denver & Bio Grande offices yesterday. The door issuing from the interior of the mysterious box was not one that would create an appetite, so after much delating it was decided to open the puckage and settle all fears. Despite the warning that the box raight be son informal machine or a mad prank of some murderer. H. M. Cushing began to break open the boarderer, and the continuous continuou several days ago.

SANPETE TO EXTEND.

Rumored That the Road Will Be Built to Sevier.

One of the many remore affect in local railonal circles has it that the Sanpete Valley
cilroid is to extend its line from Manti into
sevier county. It is further stated that this
xtension will be built if the shippers in that
latrict will sign contracts to use this road
poon its completion. The proposed section of
sugar factory at Moroni and also at Richnond are also given as reasons for the extenlon. Local officials claim to know nothing
if the proposed scheme.

PROSPEROUS SEASON.

More Tourists Visit Yellowstone Park

This Year Than Ever Before. Courists to the number of 25,000 visited the flowstone park during the season just ended, cording to the figures given by F J. Haynes, a president of the Yellowstone park stage of Mr. Haynes was in Salt Lake City and thed very interestingly of the past season the most famous of America's natural re-

In the most famous of America's natural rexer's.

The figures, giving the number of tourists,
which includes campers, show a gain of 990
in the number of travelers who visited the
park last season. Twenty-five minded of
these were brought in by the Oregon Short
Line from Monida. When the new route in
finished a larger travel from local points is
expected. By this new road, which was described in detail by The Tribune some time
ago a person will be able to make the trip to
the park and visit the principal seysens,
among which 'Gid Faithful' is the most famous, and return to Sall Lake in three days.

Mr. Harnes ridicules the statement that the
geysers are becoming weak and explained that
plotures taken by film of 'Old Faithful' recently taily exactly with those taken in 189
in reference to height and volume. The increase in travel to the park be attributed to
the fine condition in which the roads in the
big wonderland are now kent. Systematic
sprinkling has done away with the dust mulsuite.

Mr. Haynes will spend a few days in the es will spend a few days park and then leave for his honer in St. Paul, where he will spend the winter.

PROFITABLE RAILWAY.

Dagupan Line in Philippines Pays Good Dividend.

Good Dividend.

WASHINGTON. Oct. 15—According to the annual report for the year 190 of the Manila Railway company, owning the line connecting Manila on the south with Dagupan on the north, the road paid 15 per cent net profit. The total recepts were \$1,172,092 and the expenditures \$600,724, leaving a net profit of \$15,255. The original cost of the road was \$5,255,799. It is stated that by American methods of accounting the property would have paid almost \$5 per cent on the investment. It is thought at the involutionent in the thought at the involutional railways in the Philippines.

RAIES TO PACIFIC COAST

Low Fares Will Rule for Four Months Each Year.

Each Year.

CHICAGO, Oct. 13.—Officials of the Union Pacific. Southern Pacific and Ocegon Short Line at a conference here today agreed that horeafter the regular one-way seemed class casesenger rate between Chicago and all Pacific roast points shall be \$33 for four months of every year, spring and fall. According to today's agreement the rate will be effective every year from September 1 to October 31 and from Pebruary I to April 7. The rates from St. Louis and New Griedon will be cut to \$25 and \$25, respectively, and similar low rates will apply from all Western points.

WESTERN PACIFIC INTEREST.

First Installment Paid From Proceeds of Bonds.

ceeds of Bonds.

SAN FRANCISCO, Oct. 12—The first semi-annual interest on the £20,000,000 of Western Pacific bonds has just been paid. The road not being in operation yet, the mency to pay the bond interest had to be taken from the money raised by the soic of the bonds themselves. And such will continue to be the case for each semi-annual interest payment until the road is actually constructed.

When the latter is no somplished, the Denver & Rio Grande and the kio Grande Western roads agree to pay the interest on Western Pacific first mortgage bonds, provided that company is mable to as 80.

Railroad Notes.

Charles R Affler, vice-provident of the Tono-ah railroad, was in the city yesterday. President J. W. Young of the Sampele Val-ty railroad will leave for Europe this week.

President J. W. Young of the Sampete Valley railroad will leave for Europe this work.

# The Truth About Stoves

By the Largest Makers of Stoves and Ranges in the World

them the most expensive.

A small price must be paid for a stove which has been described as perfect," but it is liable to prove a very expensive purchase; for ten chances to one, trouble will arise from this stove in a month's time—it may not heat or cook properly, or it may consume fuel like a locomotive. Then the material in the stove itself may wear so poorly that at the end of a year or so it will have to be replaced.

You never get something for nothing in this world, and when you pay a small price for a stove, that price must cover the cost of material stove, that price must cover the cost of material and labor, and include a reasonable profit, consequently inferior cast-iron and steel, and the

sequently inferior cast-iron and steel, and the cheapest and most inexperienced labor, must go into this seemingly low-priced stove.

Expert Stove Advice Free. We have opened an "Advice Department." in charge of an expert stoveman, simply to tell the people, dissilately free of cost, all about stoves. And this expert will hon-estly adviso you just which stove or range will best suit your needs. We also want those who have lost money on the seemingly inexpensive. stove, to let us tell them how they can save money by buying a "Garland," even if the first cost is a little more than that of the
